The strides which THE NEWS has made in cir culation, especially in the country, within the las twelve months, encourage us to redouble our efforts to make it such a paper as everybody wants to read, and a visitor which shall be welcomed in every household in the State. There is no good why a live Charleston newspaper, keeps pace with the progress and spirit of the day, and is published at a price which places it within the reach of all, should not, with proper mail facilities, attain a circulation of Thirty Thousand copies; and we can promise that no ex to make the regular edition of this journal ap

proximate to that figure.

As a peculiarly attractive inducement to the planters of the State to become subscribers to THE NEWS before the expiration of the present year, we have arranged with Messrs. Walker, Evans & Cogawell, the publishers of the "Rural Carolinian," to supply that new and superb agricultural magazine, together with THE NEWS, at the following very low rates:

THE DAILY NEWS and the "Rural Carolinian, one year, for six dollars and fifty cents. THE TRI-WEEKLY NEWS and the "Rural Caroll-

dian," one year, for four dollars.

Subscriptions to the two publications may be sent either to the proprietors of THE NEWS, or to the proprietors of the "Rural Carolinian." But parties desiring to avail themselves of this offer aust do so before the first of January next, as e arrangement will not be extended beyond

When these rates are contrasted with those of the Charleston papers before the war, when the yearly price of a daily was ten dollars, and of a tri-weekly five dollars, in gold, or its equivalent, we think we may fairly claim that THE NEWS has labored to some purpose in the distusion of intelligence among the people at prices suited to the changed aspect of the times.

THE CHEAPEST YET,—THE NEWS Job Office is now printing bill-heads in the best style and on fine paper, at \$250 per thousand. Merchants, think

SAD ACCIDENT .- On Meeting street, vesterday, difficulty restored to seriousness. When asked what was the cause of his convuisions, he said:
"Only think! The "Rural Carolinian" and CHARLES-TON DAILY NEWS for twelve months for six dollars and fifty cents. Ha! ha! ha!"

THE FIRE FRIDAY MORNING .- Yesterday Chief Engineer Nathan concluded his investigation into the cause of the fire at L. Alexander's shoe store on last Friday morning. It was clearly proved that it was the work of an incendiary. We learn that the insurance company interested in said store will also have an investigation.

WHERE IS HE?-Messrs. J. C. H. Claussen and John Campsen & Co. advertise for the "legal" Flour Inspector, who is requested to call at their stores early this morning. The absence of the Flour Inspector is causing great inconvenience to the merchants and prevents them from making sales. Where is the "legal" Flour Inspector ?

A RARE UNANIMITY .- The press of the South are unanimous in the expression of the opinion that the "Rural Carolinian" is one of the best agricultural magazines ever published in the South This sterling magazine should be in the hands o "Rural Carolinian" and CHARLES-TON TRI-WEEKLY NEWS, one year, four dollars.

A DESIRABLE INVESTMENT.—The South Carolina Loan and Trust Company offer for sale, at eighty cents on the dollar, the first mortgage bonds of the Savannah and Charleston Railroad Company This loan is at the rate of only \$5000 a mile, and the principal and interest being payable in New York, the bonds are in every respect a first-class

FIRE .- The alarm of fire, about half-past 5 o'clock yesterday afternoon, was caused by the burning of a stable, kitchen and outhouses on the premises occupied by Mr. Richard Arnold, but owned by Mr. George W. Williams, on Hudson street. The fire originated in the stable, and is supposed to have been the work of an incendiary. The loss could not be ascertained.

THE LIFT ASSOCIATION OF AMERICA.-The Board of Directors of the South Carolina division of this company, give notice that they are prepared to lend on unexceptionable real estate, in this city, the sum of \$5000. This is an evidence that the association is faithfully carrying out its fundamental principle of investing the isnranc premiums in the place where they are received.

APPAIR OF HONOR.—The Augusta Chronicle of yesterday says: "We learn that a party of gendemen came to this city from Charleston on Saturday last, between two of whom a challenge had the Priday previous, and on Sunday went down to Beach Island for the purpose o closing 'their corespondence' lu accordance with the 'Code.' On arriving there the difficulty was amicably adjusted, without the exchange of any shot."

THE CITY HAGINERS.—The committee of Council appointed to investigate the charges preferred against the City Engineer, were in session Mon day night, and resolved that the chairman make a report exonerating the officer and requesting his reinstatement; also, that he receive pay for the time he was suspended. One of the commit-tee, it is stated, will at the regular meeting of Council protest against the adoption of that por, tion of the report providing for the paying of the

MEETING OF COUNCIL.

Preparations for the Trial of Messrs. C. N. Averill and P. C. Guerry To-Night.

There was an extra session of Compeli held last evening, at which were present the Mayor, Alder-men Barrow, Cunningham, Collins, T. J. Muckey, Greene, Volgt, white; Brown, L. F. and E. P. Wall, Holloway, colored. The Mayor called the meeting to order at a

marter of 8 o'clock. Alderman Mackey, chairman of the select committee appointed to investigate the administration and records of the Harbormaster's depart

ent, reported that the records were well kept and the duties of the office faithfully discharged and recommended that the assistant he employed his own expense be paid by the city, as the office of Harbormaster was not only self-sustain ing, but returned a net revenue to the city \$8000 per annum. In conclusion, the committee submitted a resolution providing that the Harbon salary of \$1000 per annum.

The report, on motion of Alderman Greene, was accepted, and, on motion of Alderman Wall, the resolution was adopted.

Alderman Mackey stated that the object of the eeting was to adopt rules to govern the proceedings of Council in the trial of Messrs. Averill and Guerry, which would commence to-night. He then submitted some rules, which the clerk commenced to read.

Alderman Mackey interrupted the reading to move that a committee of three be appointed to report rules and regulations for the impending trial, saying: We have all, Mr. Mayor, enjoyed the privilege of being tried ourselves, but we have newer had the pleasure of trying Democrat before, and as it is such a novel thing with us, we had better proceed with all the formalities.

The moti n was carried, and the Mayor an

Alderman Mackey moved that Council take a recess of five minutes, in order to give the comnittee time to prepare a report. The motion was carried, and the committee tired to the Mayor's office.

While the committee was out the Aldermen who were lounging about the Council Chamber, were individually invited to take a sherry cobbler; each one accepted and retired to the Mayor

After an absence of about five minutes, the committee returned to the Council Chamber and Council was called to order.

The committe then reported the following:

AN INTERESTING PAPER.-Few papers published in this or any other country can compare in exrelience and interest with the New York Weekly. The serial stories published in its columns ar written by the best American and English authors; the fun is furnished by Josh Billings and Doesticks; the short stories, sketches and depart-ments are always readable, and the illustrations are invariably fine specimens of art. The present is a good time to subscribe for the New York Weekly, as by reference to the advertisement in another column it will be seen that the "Boy Whaler, or the Young Rovers," by Leon Lewis, has just been commenced in its columns.

THOUBLE AT THE GUARDHOUSE BOTH DEMO-CRATS AND RADICALS OBJECTTO THE APPOINTMENT OF NEGRO ROUNDSMEN.—Night before last the Chief of Police received orders from the Mayor of Ponce received orders from the Mayor to dis-charge Roundsmen Geo. W. Scott and M. Hast-ings, and Private John Smith from the police force—all three of whom are Democrats. They were discharged and three negroes, members of the night force and named as follows, were appointed to fill their places: Thomas Bamfield and F. O. Desverney, roundsmen; and John Simmons, private.

The appointment of these negroes to the important position of roundsmen created a great deal of dissatisfaction among both the Demogratic and Radical members of the force. About tweive o'clock a squad of armed men were sent to Adger's wharf, under the command of one of these negro roundaments. negro roundsmen. Mr. J. C. Wescott, a Demo-crat, was ordered to go with the squad, but re-fused, saying that he would not be placed under the command of a negro. He then resigned.

The white Radical policemen, who, like their leaders, have boasted so much about negro equality, were as much disgusted at the appointments as the Democrats. They "fumed and fretted" for a while, and then, as we learn, a committee of them called upon the Mayor to know whether the appointments could not be revoked. The reason of this disjust is (as asserted by some of the members) because they have to salute the en whenever they are met.

These discharges are ordered by the Mayor in conformity with his promise to the committee of the Loyal League, who were recently sent by that body to request the removal of all Couse ers of the police force. The men who have been discharged are said to be among the best officers of the force. No reason was assigned for their discharge. One of their applied to the Mayor to ascertain what were the charges against He was informed that there was no fault whatever to find with him. He then requested the Mayor to give him his discharge in writing, which the Mayor refused, stating that he was not compelled to do so.

The official axe is expected to fall again to-day.

How many Demogratic heads will be under it, is not yet stated.
